

Red/Phantom Camera Workflow Seminar

Filmworkers Club and Fletcher Camera, out of Chicago, cordially invite you to attend a seminar about Red and Phantom Camera Workflow. Filmworkers will be discussing Digigog, their new service designed to handle data camera workflows. Myths and truths about these new formats will be discussed. Topics include best practices for tapeless workflow, editorial and post-production requirements, obtaining back-up drives and whether production should hire a DAT or DIT crew member. Fletcher will have a Red Camera available at the seminar and will be addressing your questions.
